## **REASONS FOR ALLOWANCE**

### ***Continued Examination Under 37 CFR 1.114***

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 7/28/2004 has been entered.

The following is an examiner's statement of reasons for allowance: applicants' amendment of the claims in the response filed 7/28/2004 obviates the outstanding prior art rejections (i.e. by clearly reciting that the tetracycline-controllable element (TCE) is operatively linked to both a first polynucleotide sequence encoding a reporter gene (RG) and a second sequence comprising a target gene).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***
